### Course summary

This free course, Personal branding for career success, considers what a personal brand is and whether you currently have one. You'll look in detail at theories and examples of personal branding, and relevant marketing processes and practices. You'll identify the values, skills, knowledge and expertise that you want to promote to employers, and consider different ways to build and present your own brand. This statement serves as proof of the successful completion of a course accredited by the CPD Standards Office. You have earned 24 CPD points through your participation in this course.

### Learning outcomes

By completing this course, the learner should be able to:

- describe what personal branding is and understand how the concept can help you in your career
- understand how relevant marketing techniques and tactics can be applied to branding a person
- define your own, authentic personal brand and know who you want to market it to and why
- promote yourself effectively to employers, both in your workplace and beyond
- devise an appropriate plan of action to develop and promote your personal brand and enhance your career.
